

ALLEN'S FOOT-EASE

The Antiseptic Powder. Shake it in your Shoes, Use it in your Foot-Bath

Use it in the Morning

And walk all day in comfort. At night, sprinkle it in the foot-bath, and soak and rub the feet. It freshens the feet, takes the friction from the shoe, and by protecting your feet and stockings from this friction, saves ten times its cost each year on your stockings bill.

For over 25 years Allen's Foot-Ease has been the STANDARD REMEDY for hot, swollen, smarting, tender, tired, perspiring aching feet, corns, bunions, blisters and callouses. It acts like magic—No plasters or grease, clean, sanitary and cooling.

You will never know what real foot comfort is until you have used Allen's Foot-Ease. What better proof than that the Plattsburg Camp Manual advises men in training to shake Foot-Ease in their shoes each morning. You should have the same comfort for your feet.

WANTED BY POLICE, HE STAYED INDOORS, HIDING 19 MONTHS

Former Hudson Duster Gangster Collapses When Arrested and Taken Into Air.

Francis Morton left his two small rooms at No. 55 Rose Street yesterday for the first time in a year and seven months. During that time he had never exercised, and the only time he breathed fresh air was at night, when he would open a window for an hour or so.

Detectives Morrissey, Sheedy and Kelleher, who arrested him on a charge of murder, expected a fight before they could take Morton. Instead, he walked quietly to the street. When he reached the sidewalk he gasped about for a moment, took a few long breaths and then said, with a fervent exclamation:

"This feels good. I am glad it is all over. I feel as though I am in a new world."

Morton walked a few blocks and then collapsed. The detectives virtually carried him to Police Headquarters. After he had rested a short while he turned to Morrissey and said:

"Well, you've got me. Some long-tongued woman in the neighborhood has been talking."

The prisoner guessed right, in part at least, for it was some one in the neighborhood who had told the police of his hiding place. He is charged with the murder of William Schaeffer

in a bungalow on Staten Island on Sept. 16, 1917. The police hunted for him all over the United States and Mexico. He denied yesterday that he knew anything of the crime. He said he had been drinking that day and that was all he remembered.

JERSEY COPS STOP SOPHS FROM STRAFING FRESHMEN

Police Chief Decides New York Is Big Enough to House Columbia Hazing.

The sophomores of Columbia are scouting around to-day for a convenient place to stage their next battle with the freshmen. They can't pull it off in New Jersey, Police Chief John J. O'Brien of Hackensack tells the world, though they came near doing it yesterday.

Five sophomores told twenty-five freshmen of the desire of Fort Lee movie men to stage a hazing bout. The freshmen fell for it and accompanied the five sophos by ferry to Edgewater, equipped with tin cans, ropes, female attire, chinaware and baseball bats, which they were told would be needed in making the comedy film.

On the road to Fort Lee, the sophos suggested stopping to rest. The spot selected was near the Pallades, where woods would screen whatever happened. A freshman became suspicious, slipped away, and reached the ferry in time to see fifty sophomores land. He ran to a telephone and

called the police, then sprinted to warn his comrades.

The battle was on when Chief O'Brien arrived and declared an armistice. He said New York was big enough for Columbia student activities, and suggested they be confined there hereafter. He let them all go.

TUBES TIED UP TWO HOURS.

Empty Train Wrecked at Summit Avenue Station.

Traffic in the Hudson tubes was tied up for two hours this morning by the wreck of an empty train at the Summit Avenue station.

The train was in charge of a switchman, who was taking it to the yards when the brakes failed. He ran back to the second car and escaped injury, but the front car struck a concrete embankment, climbed it, and fell over on the old main line of the Pennsylvania

Vacation Travel The United States Railroad Administration Removes all Restrictions

ONE year ago, under the pressure of war necessities, the public was requested to refrain from all unnecessary travel, and under the stress of war conditions, the public was necessarily subjected to a great deal of inconvenience when it did have to travel.

Now the war necessity is passed and it is the settled policy of the Railroad Administration to do everything reasonably within its power to facilitate passenger travel and to make it more attractive.

In furtherance of this policy, the Railroad Administration is entering upon a moderate program of advertising, to remind the people of the extraordinary opportunities for sight-seeing and for pleasure-seeking which our country affords—the National Parks, the seashores, the lakes, the mountains, the woods, and the many places of historic interest.

The vacation season is approaching, and the time is at hand to plan for a change of scene, for rest and recreation. It will be the effort of the Railroad Administration to aid in such planning and to make your travel arrangements convenient and satisfying.

The staff of the United States Railroad Administration will be glad to furnish illustrated booklets and provide necessary information as to fares, train service, etc. Such information may be obtained from the local Ticket Agent or Consolidated Ticket Offices, 64 Broadway, 57 Chambers Street, 31 West 32nd Street, 114 West 42nd Street, New York, and 336 Fulton Street, Brooklyn; or by addressing the Official Travel Information Bureau at 143 Liberty Street, New York; or 646 Transportation Building, Chicago; or 602 Healy Building, Atlanta, Georgia.

Every official and employee of the United States Railroad Administration is a public servant. Call on them freely.
